Declaration of Software Quality

We herewith inform you that the software product/systems

Product Name	Revision Number
M8780AA InfinityLab Assist Control Software	2.3

were developed according to the quality process and product development lifecycle established by Agilent Technologies. Life cycle gate details were reviewed and approved by the responsible management. The products were verified and validated to meet their functional and performance specifications and release criteria prior to ship release.

Users of this product may need to fulfill additional regulatory requirements according to applicable regulations and quality standards as defined by the User organizations. In support of our customers, Agilent Technologies will make design and supporting documentation of quality management system available to customer audit upon request at its facilities in Waldbronn (terms and conditions to be negotiated).

Agilent Technologies will maintain possession of all documents and their reproductions and may require a confidential disclosure agreement to be provided by those requiring access to these documents.
